

CAPABILITY STATEMENT

TrendTech Logistics provides Operational Logistics, Intelligence & Visibility solutions that help organizations coordinate resources, improve operational awareness, strengthen accountability, and support informed decision-making across transportation, construction, public works, emergency management, and mission-critical operations. By integrating operational expertise, logistics coordination, data-driven intelligence, and technology-enabled visibility, TrendTech Logistics supports government agencies and commercial organizations in maintaining efficient, resilient, and accountable operations.

→ PAST PERFORMANCE

San Antonio Independent School District (SAISD) (July 2025 – Active)

- Providing on-call consulting services including project and program management, data analysis, acquisition support, logistics coordination, and administrative solutions. Supporting SAISD departments with compliance-driven strategies and operational improvement initiatives.

Region One Purchasing Cooperative (ROPC) (Jan 2025 – Active)

- Providing on call project management, logistics, and consulting to public schools, universities, and city governments, ensuring compliance and operational efficiency.

UPS Store Renovation & Build-Out Projects (Oct 2023 – Feb 2024)

- TrendTech Logistics provided end-to-end construction project management services supporting renovation and new build-out projects for UPS Store retail locations in Marietta and Riverdale, Georgia (TUPSS #1938 and #7482). Services included full lifecycle project oversight from planning through final turnover.

ABC Global Opportunities Committee (Oct 2023 - Oct 2024)

- Facilitate and manage international projects, ensuring seamless integration and execution. Engage with a broad range of industries including IT, agriculture, real estate, technology, hospitality, and more.

Kaiser Permanente (Jan 2018 – Apr 2021)

- Provided project management services supporting facility construction, upgrades, and operational initiatives. Managed multi-million-dollar IT and construction projects, including budgets exceeding \$5M, labor coordination, asset tracking, and CRM/Salesforce reporting for performance optimization.

→ TECHNOLOGY

TrendTech EmergeX Platform

- Operational Intelligence System
- Emergency response coordination
- Fleet and asset tracking
- RFID-based field data collection
- Shelter & resource capacity tracking
- Live dashboards for leadership decision-making

TrendTech EmergeX is an operational intelligence and visibility platform designed to support emergency response, fleet management, and supply chain operations.
